SUMMARY

Currently, I'm an undergraduate student of Electrical and Electronic Engineering (EEE) at Ahsanullah University of Science and Technology (AUST). I'm very interested in Software Engineering and Programming. I have great enthusiasm for machine learning and data analysis. Additionally, I have skills in web development and once launched my own website through web hosting. As I can develop websites, I know HTML5, CSS, and JavaScript. Besides these scripting languages, I know C and C++. Now, I'm an enthusiast to learn React.js. Moreover, I have skills in a different area, which is Graphic Designing. I have mastered Adobe Photoshop, Adobe Illustrator, and Canva. Aiming to get myself into a tech giant company.
